**Note:**

Admission Rate = number of admissions divided by total served during the year.

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS/DIG Table 3b, State Total Served During Year is calculated using data from URS/DIG Tables 3a and 3b.

This table uses data from URS/DIG Tables 3a, 3b, and 6.

Overall Minnesota considers its residential treatment centers for children to be community-based services, not inpatient. People in Other Psychiatric Inpatient are in beds contracted for by the SMHA.

6 Hospital None

Other Inpatient None

Residential None

Community None

Overall Minnesota does not have a single point of entry into its public mental health system for Community-based Programs. With over 600 providers, Minnesota cannot determine admissions into community programs. Although Minnesota has residential treatment programs for children, they are part of the community programs and are not inpatient.

US totals are based on states reporting.

This table uses data from URS/DIG Table 15.

US totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

**State Notes:**

Except for Institutional Setting, these data are calculated based on responses to a statewide random sample survey and the number of people in Minnesota's public mental health community programs. Crisis residence number is included with the number in Residential Care. Children in Residential Treatment are included in Residential Care (not Children's Residential Treatment). Institutional Setting numbers are actual counts of people in state hospitals. Jail/Correctional Facilities are not part of the SMHA and are not counted.
